Mr. William Kelsey

CHAMPION SHOP TEACHER!
MARINE BIOLOGIST,
THE GREATEST!
SWIMMING COACH, SUPREME!
FLOAT BUILDER,
UNSURPASSED!
MAN, YOU'VE GOT REAL
"FLOWER-POWER"!
WE'RE GLAD TO BE
HAVING THIS "TRIP"
THROUGH HIGH SCHOOL
WITH YOU, MR. KELSEY.

It Is High Time We Salute Mr. Kelsey

and Mr. Kinney

Twelve years ago Mr. Kinney came to Eustis High School as band director. Under his fine leadership, The Golden Panther Marching Band has brought many honors to the school and much fine entertainment to Eustis citizens. In 1964 the entire band went to New York City and played at the World's Fair.

Last year Mr. Kinney served not only as band director, but as assistant principal of E.H.S.

Eustis Elementary School has him now as a full time principal. We miss him, we thank him for all he has done for us, and we wish him success in his new responsibilities.

Eustis is indeed fortunate to have had such a great teacher, able administrator and fine citizen as a leader and advisor for its youth.

E. M. WEICHERZ, SUPERVISING PRINCIPAL.

Miss Christine Aaron
Guidance Director

Administrator, guide,
and counselor for 775 stu-
dents, 35 teachers, and a few
thousand parents! That you
have survived at all these
last ten years is a miracle,
but to still have a twinkle
in your eyes is the best sign
of all that you are in the right
job.

Mr. J. F. McLaughlin, Assistant Principal

Mrs. Bernice Bennett *Administrative Assistant*

For seventeen years Mrs. Bennett has kept everyone working at Eustis High School. We can't figure out if it is her "apple a day", her fine office help or her excellent supervisors that are responsible for her staying.

Mrs. Arthur Hampy

This is Mrs. Hampy's second year at Eustis High School. She is the mother of five and has one in college. Her hobbies are swimming and camping. She likes it here at Eustis High. It keeps her young.

Mrs. Helen Rebel teaches math and sponsors the Paramedic Club.

A Time to Measure

Mr. William Kelsey, the most patient of teachers, but the most suspicious of all who try to borrow tools from him. He is an excellent instructor in shop, in swimming, and in his new class in Marine biology. He is a fine example of a good citizen, and we are indeed proud and fortunate to have him as a member of the E.H.S. faculty.

Mr. Gene Russell teaches science, coaches football and basketball. Positively everything and everyone disturb his dynamic, peppy personality!

Mrs. Faye Russell teaches junior high science. Her work is well-planned and thorough. Nothing and no one disturb her calm, unruffled personality.

Mr. Bruce McClelland came to E.H.S. last year as a social studies teacher and assistant coach. This year he has taken over the Drivers Education course. He is also coaching, and is most sincere and hard-working. He is making a good teacher.

Mr. James Jackson is comparatively new in the teaching field, but his enthusiasm, his faith in his students, and his willingness to work long hours in planning are showing encouraging results. Mr. Jackson lives in Mount Dora, has four children, and loves his work.

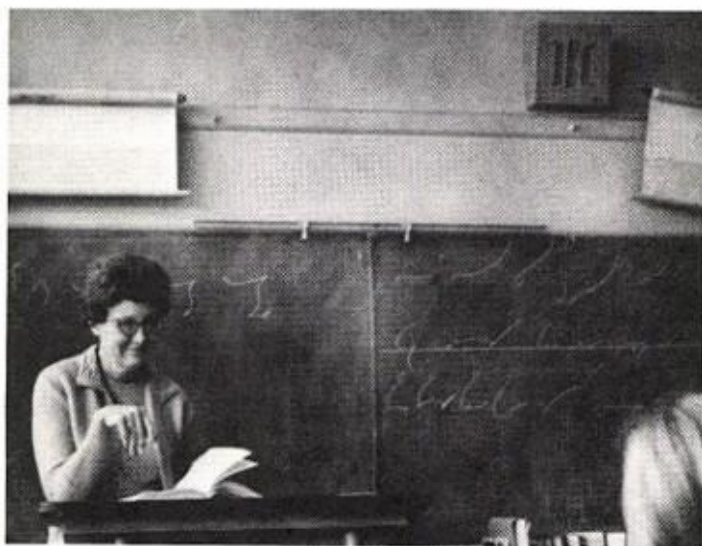

Mrs. Margret Pinkston is our vocational school teacher.

Mrs. Irma Sharp teaches bookkeeping and typing.

Miss Beth Parker is our business administration teacher and she also sponsors and edits the school paper, THE PANTHER-TALES.

Mrs. Eleanor Williams is our librarian, and is ideal for the job. For several years she had substituted in E.H.S. in every class from shop to Latin. This experience helped to fit her for the job she now has.

Our Distributive Education teacher is John Wimberly.

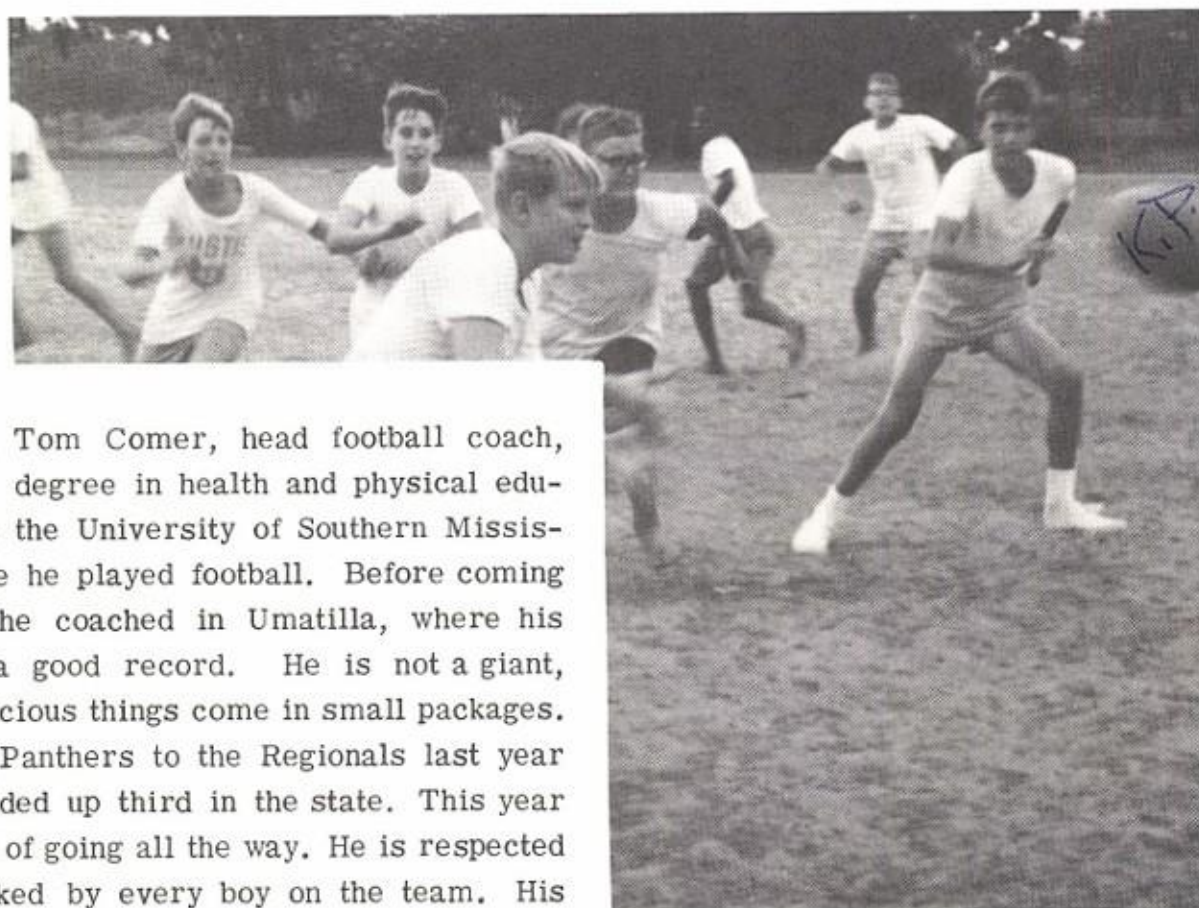

Coach Andrew Caldwell graduated from Stetson University. Before coming to E.H.S. he coached at the Tavares High School fourteen years, ten as the head coach. He is a real physical fitness fan, and with his lectures, demonstrations of his Exogenies he is doing his best to improve the physical fitness of all Eustis' citizens.

A Time to

Coach Tom Comer, head football coach, has a B.S. degree in health and physical education from the University of Southern Mississippi, where he played football. Before coming to Eustis, he coached in Umatilla, where his team had a good record. He is not a giant, but then precious things come in small packages. He led the Panthers to the Regionals last year and they ended up third in the state. This year he has hope of going all the way. He is respected and well-liked by every boy on the team. His

leadership and quiet, polite personality has set a good example for the boys who have been coached by him in football, golf, gymnastics and physical education. He is truly an outstanding person, a great teacher and coach. He is a gentleman.

Mrs. Helen Mosteller

A very devoted teacher, Helen Mosteller shows a genuine interest in each of her students. She is forever trying new ways to generate enthusiasm in her classes. Her pride and joy is her son, Ernie, who is our band mascot.

Helen E. Mosteller

Panthers Take 20-3 Verdict

Eustis Tips Greenies

GROVELAND — Eustis plowed through the rain to a 20-3 victory over Groveland Friday night, keeping its record spotless at 4-0 and handing the Greenbacks their first loss of the season.

Crawford, Eustis Pound St. Cloud

ST. CLOUD — Terry Crawford got into high gear in the last half of play here Friday night as he and his Eustis teammates walloped St. Cloud, 25-6, in a Mid-Lakes prep football game.

Crawford scored four times and Lawrence Harris made the other Panther

marker. For the losing Bulldogs, Charlie Aycock tallied in the second period.

The Panthers, one of teams still unbeaten in Mid-Lakes Conference moved in front on second period touchdowns by Terry Crawford and Gary Meadows.

EUSTIS sewed up game in the last quarter when Ronnie Tadlock intercepted a pass and sped yards.

Groveland's only score came in the first period a 19-yard field goal by Tommy Leathers.

It was a defensive with Groveland netting only 67 yards and Eustis gaining only 89.

Eustis Scores 8th Win Over Leesburg

EUSTIS — Gary Meadows scored on a one-yard run and 34-yard pass and quarterback Stuart Cottrell threw two scoring passes as Eustis defeated Leesburg, 26-0, for its eighth straight victory Friday night.

Meadows, a 6-foot-2, 177-

pound junior, capped 56-yard drive in the second quarter by going over a yard out.

In the second quarter Meadows took a 1 pass from Cottrell scooted 24 yards to pass

TE RRY CRAWFORD

who with Meadows counted for 232 yards on 304-yard Eustis rushing passing yardage scored on a two-plunge in the fourth

Eustis Keeps Rolling Along

EUSTIS — The Eustis Panthers reached the midpoint of its season with a 25-12 victory over South Sumter Friday night.

Meadows' scores staked the winners to an 18-0 halftime advantage. He took a 26-yard Stuart Cottrell pass for the first one, combined with Ron Tadlock on an 80-yard pass from the second and ran over the third from the 28.

South Sumter moved back in the game on second-half touchdowns by Homer Lancaster and Charlie Wall before Cottrell broke away from the 35 to ice Eustis' fifth victory in as many starts.

Unless the Panthers go sour, the big problem this year will be waiting for an opponent to come along. Eustis coaches have whipped the experienced team into excellent shape

slapping South Sumter 25-12, with Gary Meadows scoring three touchdowns.

Each year four boys and two girls are elected by the faculty of Eustis High to attend a congress in Tallahassee. These students are selected for their leadership ability, service activities and general all-round Americanism. With hundreds of others from around the state, they attend a week-long meeting in the State Capitol. There they go through the democratic processes to elect from their own numbers a governor, senators, representatives, cabinet members, and other officials. The students form their own political parties, learn to caucus, to make speeches from the floor and to get votes in the true American political tradition.

Perhaps from among the ranks of these boys and girls will come our future governors and other officials.

This opportunity is provided by the local chapter of The American Legion.

Our "Newsy" Panther Tales

From the first issue of this school paper which introduced the new members of the faculty to the last issue honoring the seniors, the staff has done a splendid service for the school. Even during the educational crisis, the paper came out on time. Our sincere thanks go to the sponsor and her staff, who have given of their after school time to make this service possible. The issues of THE PANTHER TALES will keep the history of the school year alive in print.

And, last but not least, our advertisers! These men have much to do, but they still find time in their busy schedules to see our representatives and to place an ad in our book. So, with deep appreciation for their aid and support, we present our advertisers.

Jennigay Kulpan, the club's mascot

Pep Club

The Pep Club is made up of kids with school spirit and pride. They not only support their school but they have many projects to help better it, such as painting the school bleachers.

What do you want from life?

It's important that you know the decision once and for all. Most people want so many things, in a hazy, ill-formed sort of way, that they never make this important decision. Decide on that one thing you would most like to achieve, make it the one big dream in your heart, hang onto it with all your strength and ability, and you will live to see it become a reality. This may seem square to you now, but every word of it is true. Think about it once in a while!

PROTEST AND PROGRESS

It may shock some Hippies to learn that living in disregard of conventions while pursuing art and intellectualism is older than antimacassars. Hippies even look like old-time Bohemians.

Also, there's nothing *unrespectable* about protest. Plato taught, in the 5th Century, B.C., that man can move toward the highest good by constant questioning of assumptions. His *Republic*, a plan for a new social order, was followed a thousand years later by St. Augustine's *City of God* . . . and in another thousand years by Sir Thomas More's *Utopia*.

The Great Seal of the United States proclaims a New Order of the Ages, *Novus Ordo Seclorum*. No sooner was the Great Experiment launched, than little experiments—agrarian communal colonies—sprouted from Texas to Massachusetts. These, in time, petered out.

What changes the social order most radically is not revolt against society, but *practical invention*—moveable type, steam engines, electric light, automobiles, computers . . . the corporation, advertising, credit buying. Research and development are accelerating changes.

Both protest and progress stem from discontent with things as they are. But progress *happens*—undramatically—the result of practical improvements. That's why your world will see a New Social Order.
